WORKING EXPERIENCE

CG Generalist | Sparta VFX Vietnam, Apr 2018 - May 2021

Compositing, 3D Modeling and Lookdev, Environment

Games Cinematic -- 3D Environment Artist

Vietnam local artists's Music video -- Compositor

2019 - Oppa, Phien Qua Nha! -- Compositor

CG Generalist | Cyclo VFX Vietnam, June 2021 - now

Compositing, Digital Matte Painting, 3D Environment

2021 - Battle at lake Changjin I -- Compositor

2022 - Maika: The girl from another galaxy -- Compositor

2022 - All of us are dead (Netflix Series) -- Compositor

2022 - Battle at lake Changjin II -- Compositor

2022 - In search of lost time -- DMP Artist

2022 - Em va Trinh -- DMP Artist

2022 - Narco Saints (Netflix Series) -- Generalist

2023 - Hustler vs Scammer -- DMP Artist

2023 - Moving (Disney+ Series) -- DMP Artist

2023 - Jigen Daisuke (Amazon Series) -- DMP Artist

2023 - Silver and the Book of Dreams (Amazon Series) -- Generalist (nocredit)

2023 - Strong Girl Nam-soon (Disney+ Series) -- Generalist (nocredit)

2023 - Quy Cau -- DMP Artist (nocredit)

2023 - Black Knight -- Compositor (nocredit)

2023 - Bad Blood -- DMP Artist (nocredit)

2023 - Daydreamers -- Generalist

2024 - No way up -- Generalist

2024 - Mai -- DMP Artist

2024 - Goodbye Earth (Netflix Series) -- DMP Artist

2024 - Helgoland 513 (Sky TV Series) -- DMP Artist (nocredit)

2024 - Chicken Nudget (Netflix Series) -- Compositor (nocredit)

2024 - Kinh Van Hoa -- DMP Artist

2024 - Linh Mieu -- DMP Artist

2025 - Der Tiger -- DMP Artist

2025 - Hijacked -- DMP Artist

2025 - Turbulence -- DMP Artist (nocredit)

2028 - No Hit Wonder -- DMP Artist

2026 - The Crook 2 (Netflix Series) -- DMP Artist

2026 - Trum So -- DMP Artist

2026 - Agent From Above (Netflix Series) -- DMP Artist

2026 - The Furious -- DMP Artist

CHI-LINH TRAN

CG Generalist | Digital Matte Painting

chilinh2708@gmail.com

Dear Human Resources Manager,

I'm a skilled CG Generalist with more than 8 years of experience, looking for an opportunity to apply my skills in new ways. I'd love to bring my expertise and enthusiasm to your growing 3D Environment Generalist team.

I have come a long way, from a little boy with big dreams to an artist who is eager to be part of those dreams. Eight years of professional experience and more than 20 years of nonstop dreaming have brought me here, carrying the ambition of youth and a deep thirst for knowledge.

Through all these years of hard work, my achievements include:

- Achieving the "Certificate for Outstanding Student Award" three times during my academic journey.
- Working well under pressure and consistently delivering tasks on time.
- Continuously adapting to and working with multiple software packages within different workflows to meet the quality requirements of each project.

I aspire to grow with your company, and I believe the experience I gain here will help me fulfill my dreams. I cannot wait to see how many wonderful things we can create together.

Please review my attached application for additional details regarding my expertise and achievements. Do not hesitate to reach out if you have any questions or need further clarification about my experience. I would love the opportunity to meet with you and discuss this position in greater detail.
Thank you for your consideration.

Sincerely,
Chi-Linh Tran

CL

PORTFOLIO BREAKDOWN

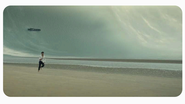

Silver And The Book Of Dreams (2023)

Cyclo VFX - Concept Artist - Digital Matte Painter - Toy City Sequence

Features:
- Designed a toy-like cityscape with a subtle sense of unease..
- Responsible for designing all city assets. Delivered comprehensive design packages and asset breakdowns for the modeling team.
- Developed matte painting, lighting and slapcomp as key visual concepts for sequences.

Challenges:
- Designed and developed visuals across multiple camera angles throughout the sequence, ensuring consistency in composition, scale, and storytelling.
- Created a large library of hand-designed toy-inspired assets to support the unique visual identity of the environment.

Silver And The Book Of Dreams (2023)

Cyclo VFX - Concept Artist - Digital Matte Painter - Bending Sea Sequence

Features:
- Designed an horizon-bending sea to emphasize scale and visual immersion.
- Created beach extension to seamlessly expand the environment.
- Developed sky matte painting to define the sky's bending cloud.

Challenges:
- Defining depth and scale was challenging due to the lack of environmental reference objects.
- Blending the curved horizon seamlessly into the sky across multiple camera angles required significant shot-by-shot refinement.
- The curved cloud formations further complicated the creation of a convincing horizon line.

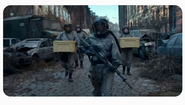

Goodbye Earth (2024)

Cyclo VFX - Concept Artist - Digital Matte Painter - Meteor Sequence

Features:
- Created matte paintings for the distant landscape, mountain ranges, and sky.
- Produced composited key visuals to define the final look, mood, and atmosphere of the sequence.

Challenges:
- Seamlessly integrating matte-painted environments with CG elements.
- Integrated meteor light interactions across the sky and cloud layers to create realistic atmospheric illumination and reinforce the sequence's visual storytelling.

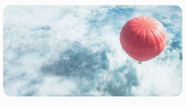

Helgoland 513 (2024)

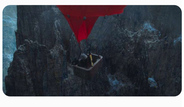

Cyclo VFX - Digital Matte Painter - Post-apocalyptic Hamburg

Features:
- Created matte-painted environments featuring damaged buildings, overgrown vegetation, and abandoned streets to convey a sense of decay, abandonment, and post-apocalyptic storytelling.

Challenges:
- Creating believable environmental storytelling through architecture, decay, and vegetation.
- Maintaining consistency of destruction and aging across the environment.
- Creating parallaxed vines with convincing depth while ensuring they conformed naturally to the building's surfaces, edges, and architectural corners.

Turbulence (2025)

Cyclo VFX - Concept Artist - Digital Matte Painter - Cloudscape

Features:
- Created aerial cloud matte paintings to establish the large-scale atmosphere and visual mood of the sequence.
- Developed parallax cloud layers that could be reused across multiple shots, improving shot continuity and production efficiency.
- Produced multiple cloud formations and weather stages to support different compositions, camera angles, and storytelling requirements throughout the sequence.

Challenges:
- Achieving convincing depth and scale in vast cloud environments with limited spatial reference points.
- Creating reusable parallax cloud systems that remained flexible across multiple shots while maintaining realism and continuity.
- Preserving detail and image quality in both wide aerial shots and closer camera views.

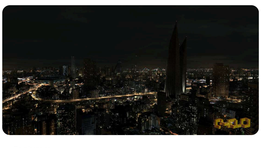

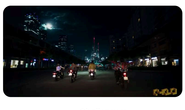

Em Va Trinh (2022)

Freelance Digital Matte Painter - Historic Scenes

Features:
- Recreated historic Vietnamese locations through a combination of 3D environment work and digital matte painting.
- Integrated 3D matte painting techniques with 2D matte painting to achieve a seamless and photorealistic final environment.
- Produced set extensions to expand the practical set and enhance the scale, scope, and historical authenticity of the scene.

Challenges:
- Researching and accurately recreating historical Vietnamese architecture, materials, and environmental details with limited visual references.
- Maintaining historical authenticity while adapting environments to meet cinematic composition and storytelling requirements.
- Matching weathering, aging, and architectural details across multiple sources and techniques.

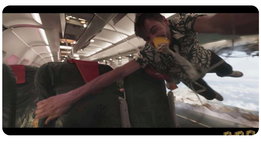

Day Dreamers (2023)

Cyclo VFX - Concept Artist - Digital Matte Painter - Night City

Features:
- Built a full 3D night city for matte painting and set extension work.
- Created matte paintings for the distant skyline, atmospheric city layers, and fantasy moon.
- Produced DMP enhancements across multiple sequences throughout the film.
- Developed key visuals for various set extension shots.

Challenges:
- Matching 3D environments with matte-painted extensions.
- Created designs that supported and reinforced the project's storytelling.
- Keeping visual consistency across multiple sequences and camera angles.

No Way Up (2023)

Cyclo VFX - Digital Matte Painter - Above Cloud, CG Enhancement

Features:
- Created a wide range of aerial cloudscapes and above-the-cloud environments for action sequences.
- Developed cloud projections to support compositing and environment integration.
- Enhanced CG assets through digital matte painting, adding details such as edge wear, damage, burn marks, and weathering.

Challenges:
- Building cloud projections that worked reliably from different camera angles without revealing projection artifacts.
- Intergation static matte painting into moving 3D assets, while matching lighting, texture, and level of detail.
